Series Sentinel Pro (SEP) - power factor 0.9

On line double conversion (VFI) - USB/RS232 - software compatible with Windows /Linux/Mac (downloadable)

MODEL	Code	Power		Back-up** min	Size W x D x H mm	Weight kg	Price EURO
		VA	W				

SEP ER - Long back-up version - no internal batteries / 6A configurable charger

SEP 1000 ER	CSEP1K0LNB	1000	900	0	158x422x235	7	255
SEP 2200 ER	CSEP2K2LNB	2200	1980	0	190x446x333	10,6	415
SEP 3000 ER	CSEP3K0LNB	3000	2700	0	190x446x333	14	465

Series Sentinel Dual (SDU)

Models 5000-10000 have power factor 1 and are paralleable 2+1

On line double conversion - tower/rackmount - RS 232/USB - software compatible with Windows /Linux/Mac (downloadable)

MODEL	Code	Power		Back-up** min	Size W x D x H mm	Weight kg	Price EURO
		VA	W

---------------------	--------------	--------------------------------	------------	---	------------

Software and Connectivity

MODEL	Code	Description	EURO
Management and shutdown software suitable for Windows-Linux-MacOSx (Unix on Full Version)			
Price includes one licence for one installation			
PowerShield³ f.v. licence	LICENZA F.V.	Full version licence, download from www.riello-ups.com	50
Software for central management of up to 990 UPSs through Ethernet / SNMP protocol			
PowerNetGuard	0SWU00401	Download from www.riello-ups.com - Licence for the 1st year incl.	550
PowerNetGuard Licence ext.	LICENZA PNG	Licence extension for one year	95
Network card and accessories			
NETMAN 208	YSKCSA8ARU	Gigabit Ethernet connection - slot-in Network card	240
J-Bus/ModBUS protocol converter - output connection RS 485			
MULTICOM 302	YSKCMC2A	Slot-in card	110
ProfiBUS protocol converter			
MULTICOM 411	YSKCMC8C	Boxed version	1 200
ProfiNET protocol converter			
MULTICOM 421	YSKCMCAB	Boxed version	1 500
Serial port duplexers (provide an additional RS 232 port with modem management)			
MULTICOM 352	YSKCMC4A	Slot-in card	110
Multi I/O devices with 8 programmable 4 A outputs, 3 RS 232, temperature sensor			
MULTI I/O BOX	YSKCIO1B	Boxed version	295
MULTI I/O DIN GUIDE	YSKCIO2B	Open frame version suitable for DIN guide	255
NB - other sensors are available on request			
Extension cards			
MULTICOM 372	YSKCMC6A	provides an additional RS 232 + ESD port	140
MULTICOM 384	YSKCC00B	provides 230V relay contacts + ESD port	200
Communication card adapter			
SLOT ADAPTER	YSKCBS1A	allows the use of Riello UPS communication cards via RS232 port	95
GRAPHIC DISPLAY for all Riello UPS models			
MULTI PANEL	YSKCMP1B	Remote panel with graphic display - RS 232 connection	320
SENSORS for NetMan 208			
SENS TEMP HUM I/O	YSKCSE8A	Multipurpose Sensor RJ12 (includes temperature and humidity measurements, and digital I/O)	95
MODEM			
GSM MODEM	YMODGSMB	Allows sending SMS in conjunction with the Netman 208	275

Series Sentryum (S3M Compact - cabinet H 700 mm)

3-phase in / 1-phase out. Software for Windows/Linux included

S3T ACT DI 60kVA	YS3TS23A	On site Dual Input conversion kit (S3T Active 60)	264
S3T DI 80-120kVA	YS3TS33A	On site Dual Input conversion kit (S3T 80+120)	389
Multicom 392	YSKCMC9A	3 input, 8 programmable output card	200
EnergyManager 2	YSKCC06A	Battery management card (slot version) to be used for Li-Ion battery and/or dynamic peak shaving function. Subject to confirmation of the application by our pre-sales Technical Service.	380
S3T SYNCHRO	YS3TE08A	Kit for inverter synchronization from different source than input by-pass	110
S3T TEMP SENSOR KIT	YS3TE09A	Temperature sensor kit for external battery cabinet	60
SOCLE S3T 80-120	YMSTSB1A	On-site installation box to lift up UPS and assist UPS cabling and fixing	310
Fan failure alarm (10-40 kVA)	fifth to last ="0V"	Extra price for Fan failure alarm 10-40 kVA (factory fitted, Xtend version only). Fan failure alarm is standard for 60-120 kVA models.	150
Extended Recharge battery current (ER) 10 kVA	fifth to last ="ER"	Extended Recharge battery current 12 Amps (instead of 6 Amps). Factory-only option for all 10 kVA models (CPT, ACT,XTD)	357
Extended Recharge battery current (ER) 15-20 kVA	fifth to last ="ER"	Extended Recharge battery current 20 Amps (instead of 6 Amps). Factory-only option for all 15-20 kVA models (CPT,ACT,XTD)	420
Extended Recharge battery current (ER) 30-40-60 kVA	fifth to last ="ER"	Extended Recharge battery current 30 Amps (instead of 10 Amps). Factory-only option for all 30-40-60 kVA models (ACT,XTD)	483
Extended Recharge battery current (ER) 80-100 kVA	fifth to last ="ER"	Extended Recharge battery current 30 A (instead of 12 A). Factory-only option for all 80-100 kVA models (30 A are standard for 120 kVA model)	546
Coating treatment on PCBs 10-60 kVA	fifth to last ="DV"	UPS cards coating treatment for all 10-60 kVA models (CPT, ACT, XTD)	200
Coating treatment PCBs 80-120 kVA	fifth to last ="DV"	UPS cards coating treatment for all 80-120 kVA models	300
IP30 10-60 kVA	fifth to last ="30"	Extra price for IP30 protection instead of IP20 (factory fitted, S3T 10-60 Xtend version only)	175
IP30 80-120 kVA	fifth to last ="30"	Extra price for IP30 protection instead of IP20 (factory fitted, S3T 80-120 model only)	210
IP30 I * 10-60 kVA	fifth to last ="IN"	Extra price for IP30 protection + front door fitted with replaceable air filter and gasket + coating treatment on PC boards (factory fitted, S3T 10-60 in Xtend version only*)	263
IP30 I * 80-120 kVA	fifth to last ="IN"	Extra price for IP30 protection + front door fitted with replaceable air filter and gasket + coating treatment on PC boards (factory fitted, S3T 80-120)	315
S3T XTD 10-60 IPx1 KIT	YS3TS11A	On site installation kit for protection against vertical falling water drops (for Xtend only, upgrades IP 20 to IP 21 or IP 30 to IP 31)	220
S3T 80-120 IPx1 KIT	YS3TS32A	On site installation kit for protection against vertical falling water drops (for S3T 80-120 only, upgrades IP 20 to IP 21 or IP 30 to IP 31)	275
Front door with air filter 10-60 kVA	fifth to last ="AF"	Extra price for front door fitted with replaceable air filter and gasket around the edge (installed in factory, S3T 10-60 Xtend version only)	220
Front door with air filter 80-120 kVA	fifth to last ="AF"	Extra price for front door fitted with replaceable air filter and gasket around the edge (installed in factory, S3T 80-120 model only)	275
S3T XTD 10-60 AFD KIT	YS3TS12BRU	Extra price for on site replacement front door including air filter and gasket around the edge (Xtend version only) Neutral version code YS3TS12ABNP	186
S3T 80-120 AFD KIT	YS3TS37ARU	Extra price for on site replacement front door including air filter and gasket around the edge (S3T 80-120 only) Neutral version code YS3TS37ANP	233
S3T 10-120 Seismic KIT	YS3TS38A	On site installation Seismic kit for S3T 10-60 (Active and Xtend versions only) and S3T 80-120 models.	220

* For 40kVA model the Nominal Power becomes 32 kVA/kW; for 60kVA model the Nominal Power becomes 54 kVA/kW.

SRT/SRM Power Modules EDF ('Full Options': ER + DVA + Fan Failure Alarm)

Selectable input 230V 1-phase or 400V 3-phase - Double Input standard

Included: Extended Recharge battery current 20 A (instead of 6 A), UPS cards coating treatment, fan failure alarm.

Modules for SRT/SRM cabinets ('P EDF') include the parallel kit as standard.

Modules for commercial cabinets ('S EDF') do not include the parallel kit, it has to be ordered separately if needed.

Factory-only version, not available as retrofit.

NXE 800 SB 2SW	FNXEM80UNB00RUA	800/800	0	480 -	2000 x 850 x 1900	1800	57 915

Notes
 1) back-up time is calculated at 0.8 power factor
 2) NXE SB version needs the optional Parallel Kit (see below) in order to operate in parallel configuration, with separate battery only (common battery configuration is not possible).

Series NextEnergy (NXE CB P) - common battery

3-phase in 3-phase out. Transformerless. Power Factor 1, HW suitable to work in parallel configuration with common battery. Software for Windows/Linux included.

MODEL	Code	Power kVA/kW	Back- up min	Battery Voltage Ah	Size W x D x H mm	Weight kg	Price EURO
NXE 250 CB P	FNXEM25RNB00RUA	250/250	0	480 -	800 x 850 x 1900	634	20 640
NXE 300 CB P	FNXEM30RNB00RUA	300/300	0	480 -	1200 x 850 x 1900	880	24 455
NXE 400 CB P	FNXEM40RNB00RUA	400/400	0	480 -	1400 x 850 x 1900	1100	29 095

NXE 600 CB P	FNXEM60RNB00RUA	600/600	0	480 -	2000 x 850 x 1900	1600	48 700
NXE 800 CB P	FNXEM80RNB00RUA	800/800	0	480 -	2400 x 850 x 1900	1985	65 275
NXE 800 CB 2SW P	FNXEM80VNB00RUA	800/800	0	480 -	2000 x 850 x 1900	1800	60 915

Note: NXE CB version include the Parallel Kit as standard feature and is set from the factory to operate in parallel configuration with common battery. In case of change of the battery configuration the CB module can be re-set as SB module, to operate with one battery pack for each unit (contact the Service Department).

Series NextEnergy (NXE SB) - IP 31 protection

3-phase in 3-phase out. Transformerless. Pf 1 (NXE 250) Pf 0.9 (NXE 300-NXE 400-NXE 500) HW suitable to work in parallel configuration, with separated battery only. . Software for Windows/Linux included.

Empty Battery Extension Cabinets

Cabinets as above without batteries. Include switch and fuse. Supplied with connection cables.

MODEL	Code	Suitable for	Size	Weight	PRICE
BTC 1900 480V AB V9 3T	K190480VV93TNPA	40 batteries 65 to 120 Ah	860 x 800 x 1900	230	1 820

Model BTC 1900 480V AB V9 3T includes battery switch and 3x 125 A fuse (suitable for UPS from 15 to 40 kVA).

Battery Cabinets Fuse Kits

Fuse kit to associate to AB 1900 480 (w/o batteries) series

MODEL	Code	Content, suitable for	PRICE
BBX 190 FUSE 160A NH1	YBBXE10A	3x 160 A fuses, for 65 Ah battery (60 kVA to 200 kVA)	68
BBX 190 FUSE 200A NH1	YBBXE11A	3x 200 A fuses, for 80 Ah battery (60 kVA to 200 kVA)	75
BBX 190 FUSE 250A NH1	YBBXE12A	3x 250 A fuses, for 100/120 Ah battery (60 kVA to 200 kVA)	88

Top Cable Entry Cabinets

Top cable entry cabinets without bars and cables

MODEL	Code	Description	Size	Weight	PRICE
NXE TCE 250/600 Sx Dx	YNXEM00B	Empty top cable entry for NXE 250, NXE 500 and NXE 600	2 x (200 x 850 x 1900)	80	1 500

Models NXE 300, NXE 400 and NXE 800 (excluded the model NXE 800 2SW) include built-in top cable entry arrangement as standard

Note: in case of "Code" starting with letter F, order confirmations and invoices will show the prefix "UPS" in the model name.

The above indicated extended back-up configurations are only indicative of the many possible configurations. Please contact us for any different need.

Back-up times depend on the brand and characteristics of the batteries. The values included in the list are referred to the batteries installed by Riello UPS at the factory. The capacity declared is referred over a 20-hour discharge period.

Series Master MPS (MPM)

3-phase in 1-phase out. Software for Windows/Linux included.

Notes: back-up time is calculated at 0.8 power factor

For 10-15 kVA models, connection to public LV networks is subject to conditions, refer to User Manual for details.

ACCESSORIES for Master MPS

MODEL	Code	Details	PRICE
model name + "P"	next to last digit = "P"	UPS fitted for parallel (3/3 or 3/1 phase)	400
MPT PAR	YMPTPARA	Parallel retrofit kit (3/1 or 3/3 phase)	400
MPT KBS	YMPTKBSA	Battery connection set (for 2 strings of 32 batteries) for MPT 10 to 20 kVA - includes support shelves /cables + connectors / fuses	113
MPT Kit No Neutral	--	Kit for operation without neutral MPT range - Factory fitted	276
MPT RELAYS CARD	YMPTI1A	2 Input, 6 output card for gen sets	210
EnergyManager 2	YSKCC06A	Battery management card for Li-Ion battery and/or dynamic peak shaving function. Application to be confirmed by our pre-sales Technical Service.	380
PSJ2 Control Box (4+4)	YMPTPS42A	For joining two UPS groups (1 for the whole system) - 4+4 UPS*	1 000
UGS 2 Switched Control Box	YGENUG8A	For synchronizing two UPS groups (1 for the whole system) *	600
MPT MHT NXE UGS2 PSJ Interface	YMPTUGI2D	Interface kit for UGS and PSJ (1 kit each UPS)*	300
MPT BATT TEMP SENSOR KIT	YMPTTEMA	Temperature sensor kit to be installed in the battery cabinet (supplied by Riello or by others) or in the battery room. Cable length 25 mt	120
MPS CST KIT	YMPCSCSTA	Start from battery mode, for all MPS models (MPM and MPT).	320
Fan failure alarm (10-80 kVA)	last code digit "V"	Factory fitted only, no retrofit	249
Fan failure alarm (100-200 kVA)	last code digit "V"	Factory fitted only, no retrofit	300
Coating treatment on PCBs ≤80 kVa	second to last ="DV"	UPS cards coating treatment for all models up to 80 kVA	334
Coating treatment on PCBs ≥100kVA	second to last ="DV"	UPS cards coating treatment for all models 100 kVA and above	400
MPT 100-200 IP21 KIT	YMPT215A	Retrofit kit for IP21 enclosure protection (MPT 100-200)	800

* In case of old models already on site, compatibility needs to be checked

NB - "SW" models include input/output switches and manual by-pass

Master HP (MHT) with built-in DC Filter

DC Filters are required in all cases where UPS of the MHT/MHE series are connected to a BMS and/or Li-Ion batteries
Suitable for working in parallel with separated battery only (contact your account manager in case of common battery)

3-phase in 3-phase out - Total Harmonic Distortion on input not exceeding 3% - Input PF 0.99

Parallel installation of MHT 100-250 with previous versions allowed only after modification. Please contact the service department for further details.

ACCESSORIES for Master HP / Master HE (MHT / MHE)

MODEL	Code	Details	Weight	EURO
model name +"P" *	next to last digit = "P"	UPS fitted for parallel *		400
MPT PAR *	YMPTPARA	Parallel retrofit kit *		400
MHT/MHE No Neutral (100-400)	tba	Kit for operation without neutral (MHT-MHE 100-400)- Factory fitted		410
MHT/MHE No Neutral (500-800)	tba	Kit for operation without neutral (MHT/MHE 500- 800)- Factory fitted		615
MPT RELAYS CARD	YMPTEI1A	2 Input, 6 output card for gen sets		210
EnergyManager 2	YSKCC06A	Battery management card (slot version) for Li-Ion battery and/or dynamic peak shaving function. Application to be confirmed by our pre-sales Technical Service.		380
PSJ2 Control Box (4+4) *	YMPTPS42A	For joining two UPS groups (1 for the whole system) - 4+4 UPS*		1 000
UGS 2 Switched Control Box *	YGENUG8A	For synchronizing two UPS groups (1 for the whole system) *		600
MPT/MHT/NXE UGS2 PSJ Interface *	YMPTUGI2D	Interface kit for UGS and PSJ (1 kit each UPS)*		300
MPT BATT TEMP SENSOR KIT	YMPTTEMA	Temperature sensor kit to be installed in the battery cabinet (supplied by Riello or by others) or in the battery room. Cable length 25 m		120
MHT CST KIT	YMHTCSTE	Start from battery mode (to be fitted in battery cabinet)		600
Fan failure alarm (100-250)	last code digit "V"	Factory fitted only, no retrofit (MHT/MHE)		300
Fan failure alarm (300-600)	last code digit "V"	Factory fitted only, no retrofit (MHT/MHE)		525
Fan failure alarm (800 kVA)	last code digit "V"	Factory fitted only, no retrofit (MHE)		1 125
Coating treatment on all PCBs	second to last ="DV"	UPS cards coating treatment for all models		400
MHT 100-120 IP21 KIT	YMHT211A	Retrofit kit for IP21 enclosure protection (MHT/MHE 100-120)		800
MHT 160-250 IP21 KIT	YMHT212A	Retrofit kit for IP21 enclosure protection (MHT/MHE 160-200)		800
MHT 300-400 IP21 KIT	YMHT213A	Retrofit kit for IP21 enclosure protection (MHT/MHE 300-400)		1 080
MHT 500-600 IP21 KIT	YMHT214A	Retrofit kit for IP21 enclosure protection (MHT/MHE 500-600)		1 200

* In case of old models already on site, compatibility needs to be checked

Battery SWC 1600 A 2P	YSEZ1K6C	Switch for max 7 battery cabinets in // (MHT/MHE 400-600)	650 x 1000 x 1900	235	7 000

EMPTY BATTERY EXTENSION CABINETS

Cabinets as above without batteries. Include switch and fuse. Supplied with connection cables.

MODEL	Code	Suitable for	Size	Weight	PRICE
BTC 1900 480V AB V9 3T	K190480VV93TNPA	40 batteries 65-112 Ah	860 x 800 x 1900	230	1 820

Model BTC 1900 480V AB V9 3T includes battery switch and 3x125 A fuse (suitable for UPS from 15 to 40 kVA).

BATTERY CABINETS FUSE KIT

Fuse kit to associate to BTC 1900 480V AB (w/o batteries) series

MODEL	Code	Content, suitable for	PRICE
BBX 190 FUSE 160A NH1	YBBXE10A	3x 160 A fuses, for 65 Ah battery (60 kVA to 200 kVA)	68
BBX 190 FUSE 200A NH1	YBBXE11A	3x 200 A fuses, for 80 Ah battery (60 kVA to 200 kVA)	75
BBX 190 FUSE 250A NH1	YBBXE12A	3x 250 A fuses, for 100/120 Ah battery (60 kVA to 200 kVA)	88

TOP CABLE ENTRY CABINETS

Top cable entry cabinets without bars and cables

MODEL	Code	For	Size	Weight	EURO
MHT TCE 100+250	YMHTTE1A	Empty top entry for MHT-MHE 100-250	400 x 850 x 1900	120	1 500
MHT TCE 300+800	YMHTTE2A	Empty top entry for MHT-MHE 300-600 (2 x YMHTTE2A required for MHE 800)	400 x 1000 x 1900	140	2 200

Note: in case of "Code" starting with letter E or F, order confirmations and invoices will show the prefix "UPS" in the model name.

The above indicated extended back-up configurations are only indicative of the many possible configurations. Please contact us for any different need.

Series Master Industrial (MIM)

3-phase IN 1-phase OUT. DC voltage 220 V. Software for Windows/Linux included.
